Good Day Members and Friends of the Adventist Human-Subject Researchers Association,

This is a reminder about deadlines coming up for submissions to our 2019 conference at Oakwood University, which will be held May 15-18.

**A couple of things:**

Extension of Deadlines – The deadline for an oral presentation submission has been extended to March 25. This gives a weekend to finish your submissions.

All other deadlines remain the same. We need to keep all other deadlines to allow sufficient time for review and program development.
